

Atlas

ATLAS WHITE

ATLAS GRAY

Atlas in Greek Mythology was a Titan condemned by Zeus to support the celestial spheres upon his shoulders. Since then word Atlas has been turned to an international word being used in Geography, Astronomy, Anatomy and many other scientific fields.

The Atlas texture in Mathios stone family is composed of rectangular shape of dry stack ledge stone in 3 available colors; Gray, Beige and White that perfectly match the curved shape of the stone. A unique stone for exceptional indoor and outdoor applications.
