Sequoia is one of the three redwood subfamily genera trees which contain the largest and tallest trees in the world. Those trees can live to an age of thousands of years! Now Sequoia Stone is the new product in Mathios Stone range. With its unique wooden texture and color alternatives, encompasses all advantages of wood providing an exceptionally beautiful veneer application inheriting simultaneously all concrete advantages including robustness, durability, resistance to weather conditions ease of installation and no maintenance needs.

SEQUOIA

A close-up photograph of a wall made of horizontal wooden planks. The wood has a warm, light brown tone and a prominent grain pattern. The planks are arranged in a staggered fashion, with some overlapping others. In the bottom left corner, there is a dark red rectangular overlay containing white text.
